Dear Friend of the Museum:

Thank you for your gift to the Shenandoah Valley Discovery Museum! We would like to take the time to stop and appreciate you for making a difference to the museum and the community we serve!

Your recent contribution of \$1,500.00 towards Mission Driven Family Nights is not only helping the Shenandoah Valley Discovery Museum but benefits us in our key role as part of childhood education in our community. We feel that now, more than ever before, providing education, socialization, and learning tools that positively impact children in our community is absolutely crucial.

Your commitment to the museum allows us to continue offering hands-on interactive play, STEAM programming, field trips and Summer Camps and assists us as an essential contributor of healthy family systems and strong kinesthetic education; children visiting the Museum are not *just playing*, the experience is essential to the cognitive, physical, social, and emotional well-being of each child we touch. Our new first floor exhibit, BUILD! Scaffold the Learning, is only one example of how we are working to strategically match the needs found within this region with the educational framework that is so vital to healthy child development.

Play is important for the health of our children. THANK YOU for your continued support our important mission!

Sincerely,
